

Directions for "God's Pocket"

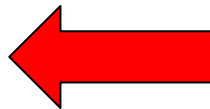

Cut 2 rectangles of plastic canvas 30 threads by 47 threads.

Complete front of pocket according to pattern, using 2 colors of yarn for the squares and border. Use black or other appropriate color for cross.

Back of pocket can remain unstitched.

Use same color yarn as you used for border to complete edges. Join the front and back of pocket on both sides and the bottom. Finish top edge of each piece separately to make pocket.

This is your personal God's Pocket. You may use your God's Pocket however you wish. Write down your prayers, your hopes, your dreams, and your fears. Slip in a photo of a loved one if you like ... anything you need to give to God for His care, you may put into His pocket and leave it there.

See message to be included in the God's pocket. You can type several on a page and make copies to cut and insert.
